

March 2023

Dear Parents,

In March we will be talking about Day 6 of creation when God made animals. Our Bible theme is God's love and tenderness, and our response is to be kind and cheerful. Our motto is, "Bring a smile-help awhile!" Use it often with your child at home.

We would encourage you to look with your child for pictures of animals. If you have old magazines let your child cut the pictures out and bring them to school to make a collage. Extra pictures can be shared with friends in the class.

As we continue our work on numbers, colors, and shapes, we will be encouraging the children to do their best and follow directions. We are taking this approach at this point in the year to help develop good effort and good listening skills.

Remember, it is very important to talk with your child. Talk about the beauty of God's world as you travel about and see signs of spring. Children enjoy new words and you can help them understand the meaning.

"Be kind and compassionate to one another."

Ephesians 4:32

**SPECIAL DATES TO REMEMBER**

CDC Family Picnic - Friday, 3/10  
-more info to follow

Thank you for sharing your child with us,

Miss Rhonda  
Miss Kaylynn  
Miss Caroline
