

The budding trees, the greening grass, the singing birds, the bloom and blossoms all say Spring! Spring always comes. We can depend on it because that is the way God planned it. The miracle of change is taking place. Rejoice in God's unchanging faithfulness.

April 2021

Dear Parents,

April is here, and we will be learning about the sixth day of creation when God made man. We will learn that He made each of us very special and that "there is only one of me." The Bible says that we are "fearfully and wonderfully made"; God knew us all even before birth. What a wonderful starting point for teaching healthy self-esteem as we learn of our Creator and His special creation - ourselves! We will talk about our five senses, how we grow, children of the world, and continue, of course, with letters and numbers up to 10. The character quality we are emphasizing in April is "honesty". Our slogan to help us remember it is, "In all I do I will speak what is true."
