

2022

Dear Parents,

What a joy and responsibility it is to be teaching your children! They are very special individuals with different abilities and talents, fun to get to know and to have in class.

Our curriculum, "In the Beginning", is based on the creation story in Genesis. Each month will have a different theme, and all parts of instruction (art, music, science, etc.) will fit together under this theme. The September theme is Day 1 of Creation. The Bible verse for this month is "**Come and see what God has done.**" (Psalm 66:20) We will learn about light/dark, color, shape, sight, and sound. The spiritual emphasis is on God's almighty power, and obedience is our response to Him. Our slogan this month is "The happy way is to obey".

In the three-year-old classes, during September, we will emphasize shapes, the number one (1), black, white, brown, red, yellow, and green. We plan to color, paint, sing and play as we learn.

#### 3-Year-Old Class Morning Schedule

Free play in our room  
Clean up time  
Opening exercises (flag salute, Bible story or lesson, prayer, singing)  
Class learning time (coloring, painting, learning toys, puzzles)  
Bathroom
